

# Marine Explorers Summer Camps

July 8th - August 2nd, 2024

Ahoy! The popular Marine Explorers Summer Camp is back! We are offering 7-hour per day, week-long, camps for **9 to 11-year-olds** that are curious about the ocean. The camps will engage your child in marine science learning during their summer. Our focus for these camps will be Marine Ecosystem Science; our intrepid campers will explore the diversity of our local ecosystems and real techniques for how scientists study marine organisms.

Explore the ocean with our marine scientists. Learn about the animals and ecosystems found within the Greater Farallones and Cordell Bank National Marine Sanctuaries right here on the shores of San Francisco. Dive into ocean-themed games, art, and experiments. View live plankton, crabs, and fish. Enjoy interactive dissections and build your very own ROV and drive it off our pier. We will also embark on field excursions including a kayaking adventure through Half Moon Bay Harbor!

Camp is held 9am-4pm daily. The drop off and pickup location is on Crissy Field at The Greater Farallones National Marine Sanctuary Visitor Center, 991 Marine Drive, The Presidio, San Francisco, CA 94129 across the way from the House of Air. We will travel in vans to nearby sites along the coast. There is no extended care available for this camp.

## Marine Explorers Camp: July 11 - August 5

Week 1: Monday July 8 - Friday July 12

Week 2: Monday July 15 - Friday July 19

Week 3: Monday July 22 - Friday July 26
