

# Marine Explorers Spring Mini-Camp

March 28th & 29th

Ahoy! The popular Marine Explorers Spring Mini Camp is back! We are offering a 2-day mini camp for 9-13-year-olds that are curious about the ocean. The camps will engage your child in marine science learning during SFUSD Spring Break. Our focus for these camps will be Marine Ecosystem Science; our intrepid campers will explore the diversity of our local ecosystems and real techniques for how scientists study marine organisms.

## Registration is now open!

Explore the ocean with our marine scientists. Learn about the animals and ecosystems found within Greater Farallones and Cordell Bank National Marine Sanctuaries right here on the shores of San Francisco. Dive into ocean-themed games, art, and experiments. View live plankton, crabs, and fish. Enjoy interactive dissections and build your very own ROV and drive it off our pier. We will also embark on short field excursions to Fort Point and Crissy Field Lagoon.

Camp is held **9am-4pm daily**. The drop off and pickup location is on Crissy Field at The Greater Farallones National Marine Sanctuary Visitor Center, 991 Marine Drive, The Presidio, San Francisco, CA 94129.

## Marine Explorers Mini-Camp: March 28th & 29th

Day 1: Tuesday March 28th 9a-4p

Day 2: Wednesday March 29th 9a-4p

*Space is limited, registration is first come first serve, but please join the waitlist if full.*

All materials and field trip transportation costs are included in registration. Scholarships available for a limited number of qualifying campers.

Student safety is a priority, we will follow guidelines set by SF Parks and Rec, SFUSD, and the Department of Health.

Registration at [Farallones.org/camp](http://Farallones.org/camp)
