

# Marine Explorers Summer Camps

July 10th - August 4th, 2023

Ahoy! The popular Marine Explorers Summer Camp is back! We are offering 7-hour per day M-F camps for 9-13-year-olds that are curious about the ocean. The camps will engage your child in marine science learning during their summer. Our focus for these camps will be Marine Ecosystem Science; our intrepid campers will explore the diversity of our local ecosystems and real techniques for how scientists study marine organisms.

## Registration opens March 18!

Explore the ocean with our marine scientists. Learn about the animals and ecosystems found within Greater Farallones and Cordell Bank National Marine Sanctuaries right here on the shores of San Francisco. Dive into ocean-themed games, art, and experiments. View live plankton, crabs, and fish. Enjoy interactive dissections and build your very own ROV and drive it off our pier. We will also embark on field excursions including a kayaking adventure through Half Moon Bay Harbor!

Camp is held 9am-4pm daily. The drop off and pickup location is on Crissy Field at The Greater Farallones National Marine Sanctuary Visitor Center, 991 Marine Drive, The Presidio, San Francisco, CA 94129.

## Marine Explorers Camp: July 10 - August 4

Week 1: Monday July 10 - Friday July 14

Week 2: Monday July 17 - Friday July 21

Week 3: Monday July 24 - Friday July 28

Week 4: Monday July 31 - Friday August 4

*Space is limited, registration is first come first serve, but please join the waitlist if full.*

All materials and field trip transportation costs are included in registration. Scholarships available for a limited number of qualifying campers.

Student safety is a priority, we will follow guidelines set by SF Parks and Rec, SFUSD, and the Department of Health.

Registration will be available at [Farallones.org/camp](https://farallones.org/camp) on March 18th, 2023.
